ENDORSEMENT OF NATIONAL TOURISM SUMMIT AND AWARD FOR INNOVATION AND EXCELLENCE IN TOURISM

We refer to your letter requesting for registration and endorsement of the **National Tourism Summit and Award for Innovation and Excellence in Tourism**, a signature and flagship annual event that supports professionalisation of the industry and directly anchored by the Institute for Tourism Professionals.

Having gone through your proposal and seen that this event is geared towards improving the quality of service provision in the tourism industry, encouraging the building of competitive advantage based on exceptional visitor experiences delivered by businesses that maintain standards of the highest quality and building the prosperity of these businesses by providing programmes, in which working in partnership becomes strength of the business, the sector, and the country, the Nigerian Tourism Development Corporation is pleased to endorse and support your initiative in this regard but with no financial obligation on the Corporation.

We wish to applaud your efforts at this laudable tourism event as a means of encouraging professionalism in the tourism industry.

Whilst looking forward to the commencement of the event, please accept the assurances of our best regards.
